

INSTRUCTIONS FOR SPEAKERS IN ORAL SESSIONS

1. All rooms will be equipped for PowerPoint presentations. If you require any other format let us know one week in advance.

2. **Time Limit for presentation/paper**

If there are **5 speakers in the session**, please allow no more than **18 minutes for your paper**. The total time for your presentation -- including introduction of speaker, presentation, and questions is 21 minutes.

If there are **4 speakers in the session**, please allow no more than **20 minutes for your paper**. The total time for your presentation -- including introduction of speaker, presentation, and questions is 25 minutes.

Session moderators will strictly enforce these limits.

3. If you would like to upload your presentation to the GWRC website, please do so by April 24, 2009. As a back-up, you should bring your presentation loaded on a thumb-drive in case your presentation did not load correctly.

4. Check in at the conference registration desk when you arrive (at least one hour before the start of your session). Session Moderators will assume that a Speaker is not present if the Speaker has not picked up his registration packet and name tag from the conference registration desk one hour prior to the start of your session.

5. Please arrive in your assigned session room at least ten minutes before the start of your session, and identify yourself to the session Moderator and the session A/V Assistant (graduate student with Assistant ribbon on name tag and probably tending to the A/V equipment). The A/V assistant will help you download the presentation from your thumb drive to the computer, if you have not already uploaded it to the conference website. Familiarize yourself with the room arrangement and equipment.

6. If your presentation uses software that must be run on your own laptop computer (ie. not PowerPoint), please let us know one week in advance.

7. If you would like to make a final check of your presentation, please check with the GWRC registration desk.

*Please let us know if you have any questions or concerns regarding your submission, or presentation time.
Call or email to Denise Carroll at 706-542-5804 or dcarroll@warnell.uga.edu*

Please see the table below for the exact times of your presentation:
